

A yellow banner with the text "SAMANTHA THE SUPER SAVER" in red, stylized letters. Below the banner, a superhero girl with blonde hair, wearing a purple suit with a yellow star, is flying over a town with houses and trees under a blue sky with white clouds.

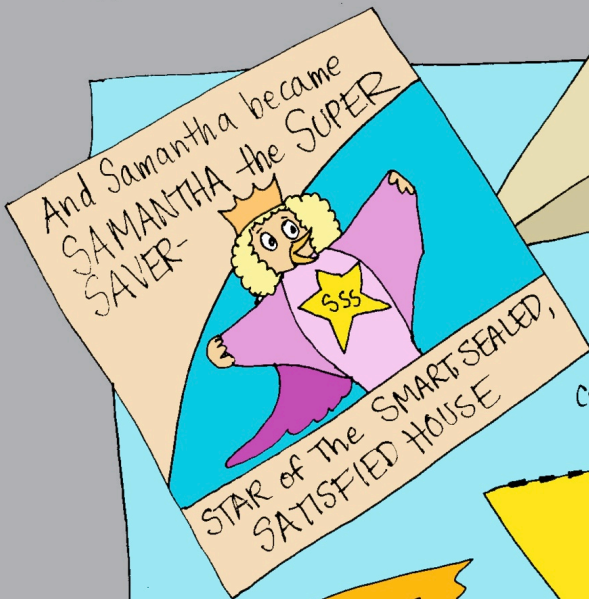

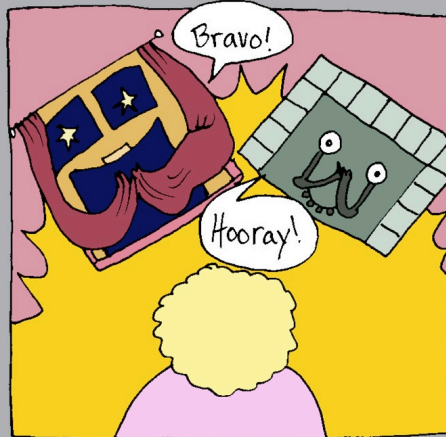

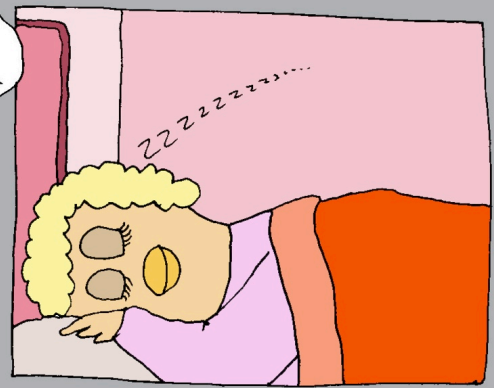

But soon enough

AND YOU CAN TOO -

Be a hero to
your furnace:

Keep flues closed

Close curtains

Check into energy
leaks like single
pane windows,

poor insulation,
manual thermostats

How much
power
could you
be
saving?
